NOT YOUR GRANDPA'S TEE

A Henley is a collarless T-shirt with a buttoned opening (your tailor calls it a "placket") below the neckline. In some ways it looks like your grandad's undershirt – but that hardwearing, utilitarian edge is exactly why you should be wearing it. Get a long-sleeved, slightly faded (olive, navy and charcoal are good options) Henley that's a bit rough around the edges, and wear it under a denim shirt or jacket.

THE DARK SECRET
The secret to effortless style is, as the dictionary would tell you, not looking like you're trying too hard. For a zero effort with high style returns, try darker tones on your jeans and jacket. It'll remove the need for heavy layering, letting the clothes do all the work for you.
